

WORKSHEET 1

Can you find the objects below in the museum?
 Tick the checkbox when you find them and answer the questions below.
Have fun!

Is this a push or pull toy?

(Write them here)

Are these push or pull toy?

This is a **spinning** toy.
 It is called a **zoetrope** - what do you think it does?

This is a **wooden rattle** (clacker).
 You hold the handle and spin it.
 What kind of noise do you think it makes?

This is an **automata** toy. It is a **clockwork** toy.
 The bunny pops out of the lettuce, waggles ears and then goes back into the lettuce again.
 Where do you think you wind up the bunny to make it work?

WORKSHEET 1

This is the **Shoe Doll**.

It is a unique doll, homemade and well loved. Have you ever seen a doll like this before? Would you like to play with this doll?

This is a **spinning top**.

Because it spins freely it has a **gyroscopic** motion. How do you think you make it spin?

Domino set. Dominoes can be used to show the domino effect, a chain reaction (when lined up and one is pushed it knocks them all down). Have you ever played dominoes?

Horse **velocipede**. How do you think this toy moves?

What kind of children would have played with toys like this?

What are these animals hiding on the rocking horse?

Animal skittles – you set them out and roll a ball.

Which was your favourite toy and why?
